

# Future Families

Future Families provides care and support to families infected and affected by HIV/AIDS to ensure that children in need have a safe environment in which they can reach their full potential.

Future Families was launched on 1 October 2010 as an independent registered non-profit organisation (NPO), caring for over 8000 orphan and vulnerable children (OVC) infected and affected by HIV/AIDS in Tshwane.

## Vision

The Future Families' vision is to empower families to create their own futures.

Future Families 

Empowering families to create their own future

## About Phetoho

Phetoho is a Future Families project for individuals who want to start their own small business. We source desirable clothes, shoes and accessories and sell them at affordable prices to people who want to become entrepreneurs.

At the Phetoho stockroom we collect clothing and sort it into categories - for example, trousers, tops, skirts, jumpers, shoes, children's items. Phetoho entrepreneurs find customers who want to buy clothes from them and they sell the items for more than what they bought for, to make a profit.

We offer training and support to help you get started. Phetoho provides the opportunity for you to create your own income, to support the financial needs of you and your family.

This is how easy it can be to start your own business! Please contact us if you would like to know more!
